

Giving Circle Program

What is a Giving Circle?

A pooled fund where individual members make grants together.

Start a Circle

Donors combine their resources with colleagues, friends, and others who share a common interest in issues affecting the community.

Each member donates to the circle, and together the Giving Circle decide how to distribute their pooled fund to make a collective impact.

Join a Circle

Launched in 2008 as APCF's first Giving Circle, the **Asian Pacific Community Giving Circle** has granted over **\$155,000** to **33** projects supporting mental health, language access, bullying prevention, financial literacy, environmental justice, civic engagement, and more.

Make an Impact

Giving Circles **empower donors to make a greater impact** by supporting causes that are important to its members. As administrator, **APCF provides knowledge and expertise about the community**, and handles membership agreements, donations, and the grantmaking process.

***APCF's mission is to cultivate philanthropists to invest in organizations that empower underserved Asian & Pacific Islanders (API) to prosper.
Our vision is a thriving API community fostered by a culture of philanthropy.***

To join the Asian Pacific Community Giving Circle or start your own, please contact Rachel Kochhar at (213) 624-6400 x4 or rkochhar@apcf.org
